SYNTHETIC PERSONA FOR DEMO - NOT A REAL PERSON.

Aina - Accounts Clerk, Selangor

Summary: Accounts clerk with 9 years in a 40-person wholesale distributor (Contoh Trading Sdn Bhd, fictional). My employer has announced an AI tool that will read supplier invoices and post them to the ledger automatically, and I want to know which of my tasks will change.

Experience:
- Maintain financial records and post daily transactions in AutoCount Accounting.
- Issue sales invoices and credit notes; submit e-invoices through the LHDN MyInvois portal.
- Follow up accounts receivables, send payment reminders and update the debtor ageing report.
- Reconcile bank statements monthly and check accounting records for errors before month-end closing.
- Calculate SST on sales and prepare supporting schedules for the external tax agent.
- Prepare petty cash vouchers and file supporting documents.
- Use spreadsheets software (Excel: VLOOKUP, pivot tables) for monthly sales and collection reports.
- Communicate with customers and suppliers about payment and invoice queries.

Education: Diploma in Accountancy.
Languages: Malay, English.
