SYNTHETIC PERSONA FOR DEMO - NOT A REAL PERSON.

Faris - Customer Service Officer, Penang

Summary: Customer service officer with 5 years at an online home-appliance retailer (Contoh Online Sdn Bhd, fictional). The company is launching an AI chatbot that will answer order-status and return questions, and my role is being reviewed.

Experience:
- Handle customer complaints by phone, email, WhatsApp and live chat; about 60 cases a day.
- Use customer relationship management software (Zoho Desk) to log, track and close tickets.
- Assist customers with order tracking, delivery issues and warranty claims with courier partners.
- Process refunds and returns according to company policy and escalate difficult cases to the supervisor.
- Maintain relationship with customers through follow-up calls after a complaint is resolved.
- Identify customer's needs and recommend suitable products and accessories.
- Prepare a weekly report on complaint categories for the operations team.

Education: Diploma in Business Management.
Languages: Malay, English, Mandarin (conversational).
